Feed additives are prohibited if they are so indicated by the USDA or FDA at the time of the test. Unethical fitting is any physical or physiological attempt to alter the natural confirmation, musculature or weight in any animal.

There will be an ABSOLUTE zero tolerance for any such foreign substances in any animal regardless of the concentration of the amount found or withdrawal periods published or approved by any entity. Testing equipment available is quite sensitive. All exhibitors are urged not to participate in or allow the medication of their animals for any reason whatsoever within at least three weeks of entry or while at the show without expressed written consent of the Show's General Manager or Official Veterinarian. Such consent will only be granted upon extraordinary circumstances to be determined at the sole discretion of the Show. Unless written consent was given by the Show's General Manager or Official Veterinarian, any animal testing positive for any such foreign substance, regardless of its source, whether it is otherwise approved or permissible by any entity or governmental agency for the treatment of any animal, the Exhibitor's knowledge of or participation in its administration, or by whom it was administered, or having been unethically fitted as determined at the sole discretion of the judge(s), will automatically be disqualified. If an entry is disqualified, no changes will be made in the placing of other animals. After that, exhibitors should wait near their animal until a veterinarian arrives. If an animal of an exhibitor needs medication, the decision to give it or allow it to be given is solely that of the exhibitor regardless of consent or lack thereof from the Show and the effect on the animal of its administration, or lack thereof, is solely the responsibility of the exhibitor. If the medications used to treat the animal are or could be hazardous to humans if consumed, the animal must be removed from the Show grounds immediately. If the animal of an exhibitor is medicated without the expressed written consent of the Show's General Manager or Official Veterinarian and it tests positive for the substance administered, the provisions of Rule 1 will apply. Payment of veterinary fees is the responsibility of the Exhibitor.

Rule 32 establishes a zero tolerance for any type of medication in an animal unless the Show's General Manager or Official Veterinarian has given express written consent. Should any such medication be found in the actual or constructive possession of any other person, that person may be expelled from the Show grounds for a length of time to be determined in the sole discretion of the Show. Veterinarian bringing such medications onto the Show grounds for the possible treatment of animals pursuant to this rule should advise the Show's General Manager or Official Veterinarian before doing so or they will expose themselves to the provisions of this rule.

NOTICE TO EXHIBITORS

All sifted rabbits must be removed from the Showgrounds immediately after sifting. All others must be consigned by the exhibitor and or buyer to the processing plant, individual, etc. assigned by the Show Management. Violation of this rule will result in exhibitor being barred from future shows.

Validation of market rabbits will take place Saturday, February 12, 2022, from 9 a.m. to 2 p.m. at the RGVLS Showgrounds in Mercedes for a \$5 per breed. The exhibitor may validate as many market rabbits as they like. This will be a drive thru validation. Please turn off vehicles upon entering the validation area and follow instructions given by the Market Rabbit Validation Committee.

There will be not tattoos, markings, written marker or symbols allowed in any market pen rabbit's right or left ear. One tattoo will be used for all validated market rabbits and will be done so by the

Market Rabbit Committee on validation day. If a different tattoo, marking, written marker or symbol other than the RGVLS tattoos, in either the left or right ear, shows up in the market rabbit pen during the 2022 show, the entire pen will be disqualified. The rules and regulations will be handed to every exhibitor during validation that will include information on the rules, proper carrying cages, metal feeders, water bottles and number of market pen rabbits allowed to bring to the sift and the Show; these rules and regulations must be signed by the exhibitor and returned back to a committee member.

1. Each exhibitor must be a bona fide member of a 4-H Club or FFA Chapter, enrolled in elementary, secondary or home school and reside in Cameron, Hidalgo, Starr or Willacy counties.
2. 4-H and FFA exhibitors must be in third grade or nine years old but under twenty as of January 1, 2022
3. Livestock projects must be raised at the physical address of validation record. Failure to gain approval from the supervising Agricultural Science Teacher/County Extension Agent and the Species-Specific County-Level State Validation Committee will result in the disqualification of all state validated livestock.
4. An exhibitor can enter only one pen. The pen is to consist of three rabbits, all the same breed or they will be sifted. DO NOT BRING 4 RABBITS TO THE SHOW AND NOT TWO SEPARATE BREEDS. FOR EXAMPLE: 2 CALIFORNIANS AND 1 CROSS BREED THAN CALL THE SET CROSS BREED. Choose the 3 you want to enter before you get to the showgrounds. Please bring the 3 rabbits in wire carrying cage with lifted wire bottom. No laundry baskets, pet carriers, cardboard boxes or milk crates. Rabbits must be presentable to the judge and rabbit committee at the time of sift. Animals must be clean and dry or the pen of rabbits will be sifted.

 8. Judge will have final say if the animal is show worthy or will be sifted
 9. A pen of rabbits, which in the opinion of the sifter, does not meet ARBA Breed Standards of the breed in which it is entered, will be moved to the proper breed by the sifter
 10. After rabbits have been accepted by the Show, no exchange of animals may be made. To do so will disqualify the exhibitor
 11. Weighing/Sifting/Classifying of Market Rabbits – Only one parent or Ag Teacher/Club Manager will be allowed in the rabbit area during the sift for a 15-minute time frame to help the exhibitor with unloading of rabbits. The exhibitor can hang their flip top metal rabbit feeders, 32 oz. water bottles and give rabbits water during this time. Feeding can be done after the sift is over. Signage, show supplies and show boxes can be delivered after sifting is completed.

Each exhibitor must identify the breed of their rabbits at the time of check in/sift.

Look for wide, deep loins, thickness of the hindquarters and well-developed shoulders. Hindquarters are most important. Loin is next and shoulders are third in importance
 - b. CONDITION – 30% - All three rabbits in the pen should be in prime condition
 - c. UNIFORMITY – 20% - The pen must reflect uniformity of weight, size, appearance, condition, meat type and fur
 - d. FUR – 10%
16. General public and spectators will not be allowed to handle any exhibitor's rabbit at any time during the week of the Show. Only the exhibitor, FFA Leader, 4-H project leader, parent or legal guardian will be allowed to handle their own individual, club or chapter's rabbit projects at any time during the week of the Show.

Nothing shall be displayed or attached to or below the rabbit cages other than pen assignment signage attached by rabbit committee. Nothing should be placed in empty cages
